

Remarks

Responsive to the requirements of the Office Action, applicant affirms the election of Group II claims 4-27. Responsive to the claim objections in numbered paragraph 7 of the Office Action, the word "invention" has been canceled as suggested by the Examiner and replaced with the word "method". This is believed to resolve the issues raised by the Examiner and place the application in final condition for allowance. Should the Examiner deem an issue not fully resolved, the Examiner is requested to contact applicant's representative at the Examiner's earliest convenience.

Respectfully Submitted,
